NEW COMICS DEALERS!

IS YOUR NEW COMICS DISTRIBUTOR MAKING YOU FROWN?

IF SO, GIVE ALTERNATE REALITIES A CHANCE TO PUT A SMILE ON YOUR FACE!

ALTERNATE REALITIES has quietly grown over the last 5 years to be one of the ten largest new comics distributors in America. We accomplished this feat by offering excellent discounts and personalized service. With our minimum order set at only $100.00 wholesale cost per month we are focused on providing quality service to even the smallest and newest accounts. International accounts are one of our specialties with both surface and air freight shipping available to most countries worldwide.

ALTERNATE REALITIES is a full line distributor, with new comics from Marvel, DC, First, Eclipse, Comico, Renegade, Fantagraphics, Warp, and many others. Also available are books, posters, T-shirts, portfolios, calendars, and all other comic related merchandise.

ALTERNATE REALITIES also provides a selection of back stock on recent new comics. If you are pleased with your present new comics distributor, but frustrated at a lack of availability of backlist new comics, give us a try. We, too, sell out of "hot" new issues, but we try to maintain a reasonable selection on most comics for a 60-90 day period after publication. If we can't be your primary supplier then perhaps we can act as a back-up. Give us a call and we'll see what we can arrange for you!

BULLPEN BULLETINS

The New Universe

The *New Universe* from Marvel Comics marks a revolution in comics equal to the birth of the Marvel Age in 1961.

During August, 1986, eight interrelated titles will be launched under the *New Universe* banner:

Star Brand	Kickers, Inc.
Psi-Force	Justice
Merc	D.P. 7
Nightmask	

Spitfire and the Troubleshooters

These titles chronicle the lives and adventures of the most amazing, intriguing, powerful beings in the universe. Their world is the world outside your window. Their adventures are spectacular, startling, dramatic, and yet real and true to life.

The New Universe is like nothing else ever done or attempted. For two and a half decades Marvel Comics has brought the fantastic to life. Now we are bringing *life* to the fantastic.

And now a special Preview!

STAR BRAND

There is a weapon in the universe more powerful than all others.

It is called the *Star Brand*.

There is no more coveted, feared, loved or hated thing in existence.

Now, this dreaded thing has fallen into the hands of Kenneth Connell, an Earthman.

Another man might crumble under the burden. The Star Brand brings its bearer pain, worry, suspicion, *fear*—fear that it will be wrested away into the wrong hands. Worse, fear that it is in the wrong hands. Another man might live only to pass the dreaded thing on, to find another bearer.

But Kenneth Connell is a man like no other.

SPITFIRE AND THE TROUBLESHOOTERS

She cares about what's *right*, not what the rules say! And she's never been mellow or easy going. She's *Jenny Swensen*, a highly respected full Professor of Applied Engineering at M.I.T., though nobody calls her "ma'am," or "Professor" or anything too dignified. Her daddy called her "Spitfire" before he died.

Or was murdered.

Jenny suspects that her father, a renowned research scientist, was killed by his employers after he learned how they intended to *use* his revolutionary discoveries in heuristics, and before he could destroy his work.

With Dr. Henning Swensen's death, the products of his research were claimed by Karl Krotzé, his employer. Legally. There is nothing Jenny can do. Legally. But she cares about what's *right*...

With the aid of five outstanding M.I.T. students—the fun-loving types who assemble a backhoe earthmover in the Dean's fifth floor office for an evening's entertainment—she steals from Krotzé her father's *entire lab*, including his technological masterpiece, the *M.A.C.S.* (Man Amplified Construction Suit).

Krotzé wants the M.A.C.S. back—his aim, to develop it into highly marketable *combat armor*. He has considerable resources, all devoted to reclaiming "his" suit. And the law is on his side.

Jenny and her friends find themselves, using the M.A.C.S. to wage war on Krotzé while constantly evading the law. The irony does not escape her—she *herself* is perverting her father's invention, using it as a weapon. And yet, what choice does she have? Their cause is *just*.

Spitfire and her computer-hacking comrades, the *Troubleshooters* are ready to risk their careers, their freedom, even their *lives* for justice.

And if it's *fun* along the way, well, so much the better.

***Star Brand* and *Spitfire and the Troubleshooters #1* go on sale at the beginning of July.**
